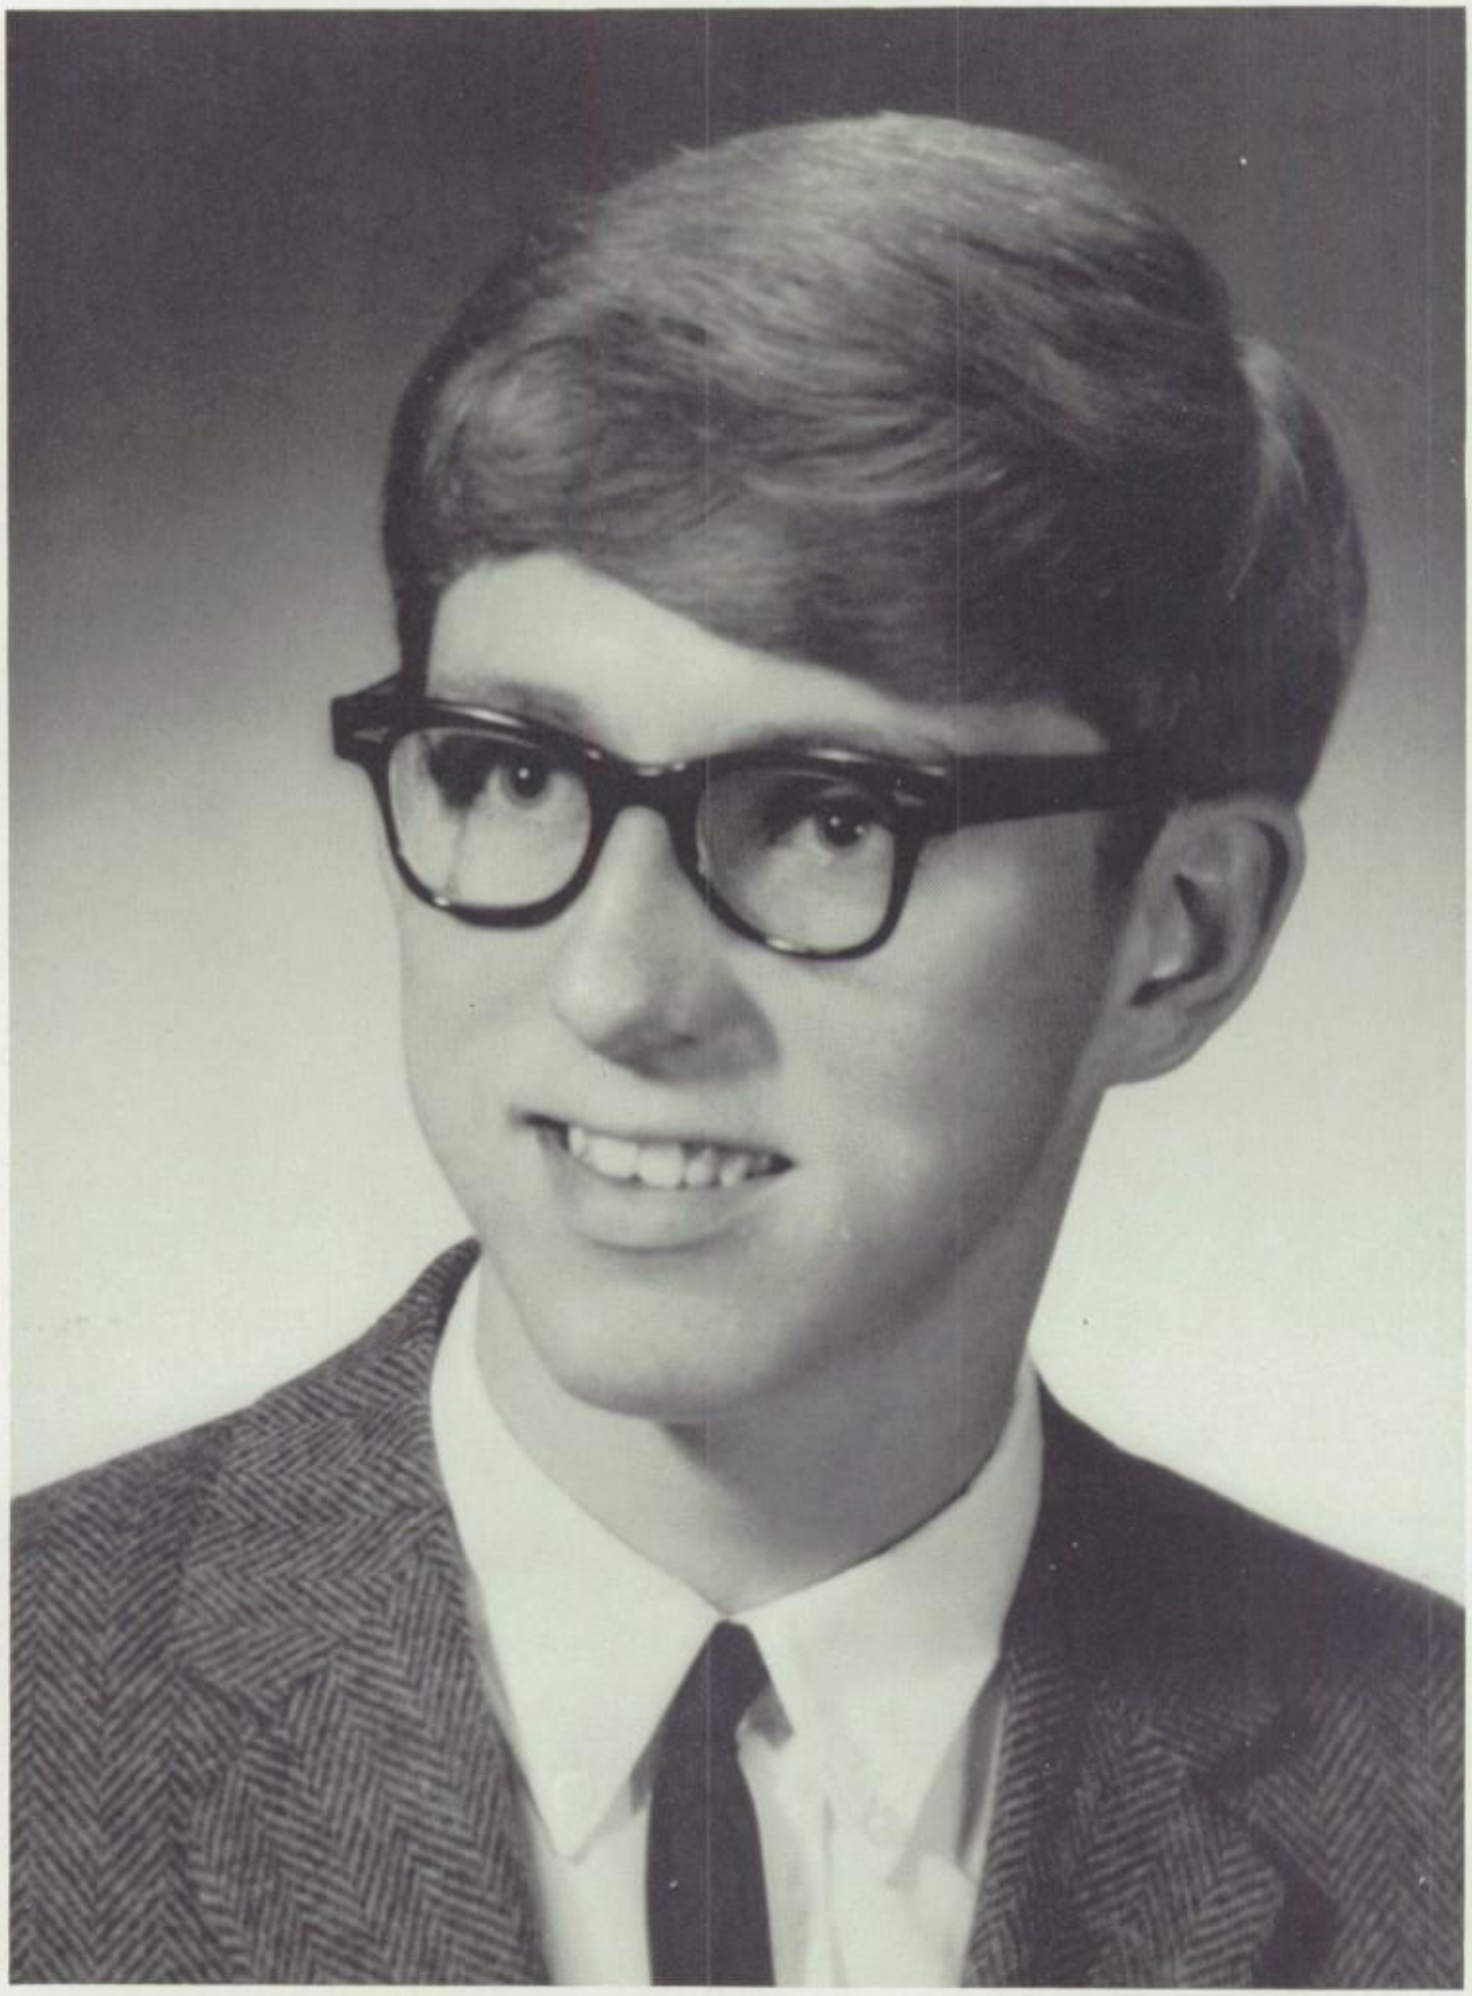
In Memory



ARTHUR DAVID HUGHES 1949-67

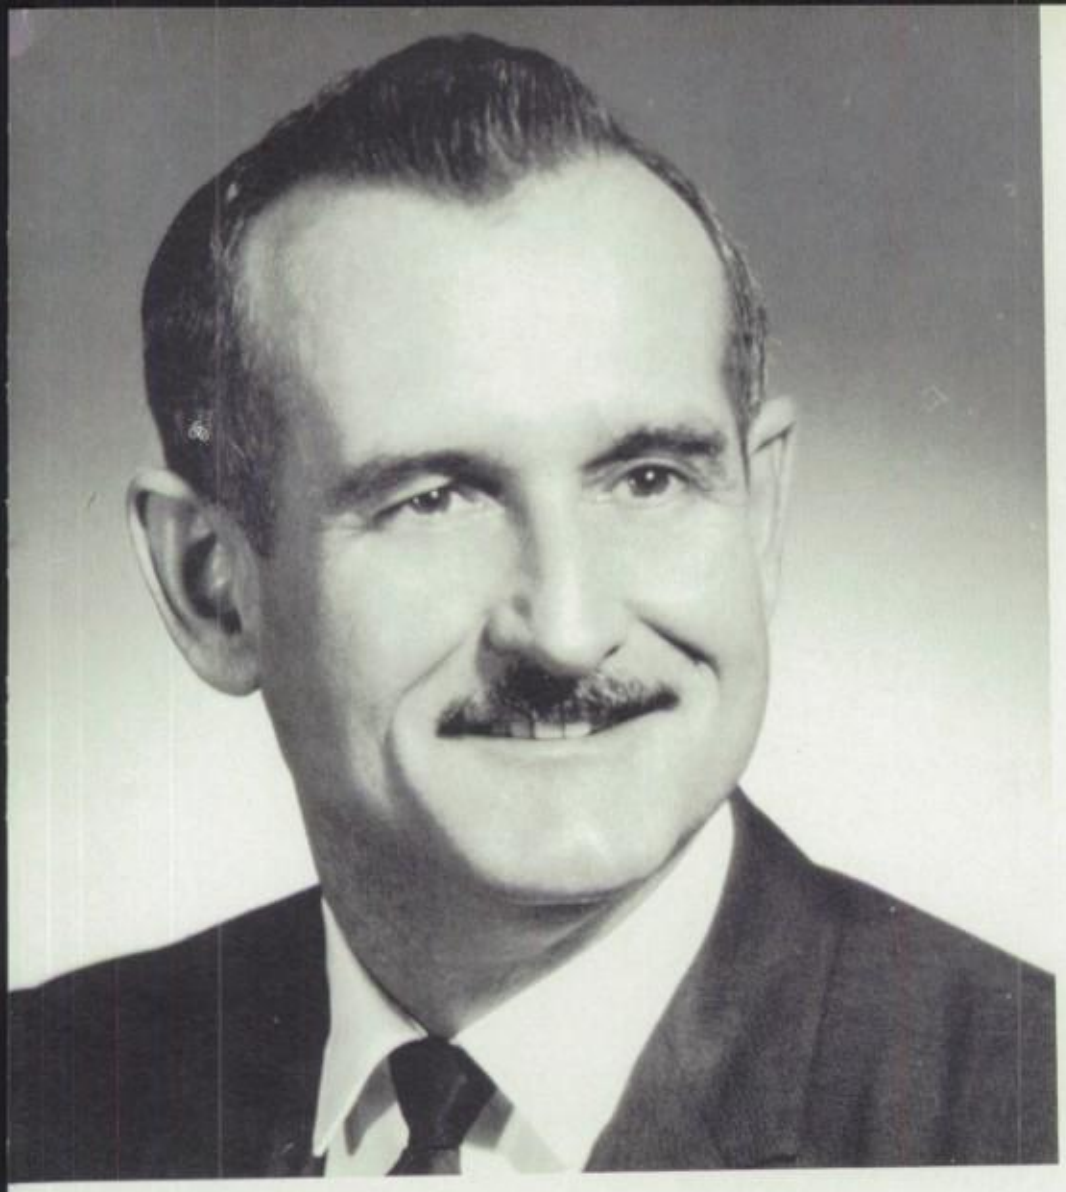
"My thoughts are not your thoughts, neither are your ways My ways, saith the Lord. For as the Heavens are higher than the earth, so are My ways higher than your ways, and My thoughts than your thoughts." Isaiah 55: 8-9

We must not always ask why, but just understand that things have to be. We know Art lived his life on earth in the best way he knew how, and God took it in His power to call him Home.

Dedication

MRS. GERALDINE HERDERHORST

Through all our long hours of hard work, our sponsor was here to lend a helping hand. To you, Mrs. Herderhorst, we dedicate this last yearbook of Hoagland High School in appreciation of all the help and assistance you gave us in making this book a success.



MR. IVAN MULLIGAN, Principal

As the Seniors received their diplomas on May 22, 1968, we realized that Hoagland High School had come to the end of a distinguished forty year history. It has been my good fortune to have been associated with Hoagland the last six of those forty years. My experiences with the students, faculty and the community have been pleasant and beneficial ones. To this year's Senior class we say thank you for being the greatest ever. We wish you the best in all your endeavors as you leave our school. As the underclassmen move on to Heritage next year, we hope that the fine traditions already established at Hoagland will carry on. We look forward to the future with much anticipation.

MRS. DOROTHY HOLLE

With a pleasant smile and glowing personality, Mrs. Holle was always around to help us with our problems. For all her understanding and help, we say thank you. We wish you the best of luck in the future.

Class History

Once upon a time there was a school called Hoagland. About the year of 1964 sixty-eight of us gathered in the gymnasium to form the Freshman class. As the year went on and classes settled to a routine, we chose class officers. They were Bob Wiegman, President; Debbie Knipstein, Vice-President; Bev Griebel, Secretary; Debbie Metheny, Treasurer; Ed Harris, Reporter. Our class sponsors were Mrs. Herderhorst and Mr. Marker. These people led us through the year and helped us plan our class parties which were held at Cherie Relue's house and Annette Hoffman's house.

As time went on, we progressed to the Sophomore class with sixty-seven members. This year we were led by Kenn Reynolds, President; Ed Harris, Vice-President; Joy Werling, Secretary; Bruce Davis, Treasurer; and Debbie Metheny, Reporter. Our class sponsors, Mr. Marker and Mr. Rose, helped us choose our class rings and plan another class party. This year it was held at Becky Doctor's house.

1968

1968

The Junior year arrived and the sixty-six members of this class looked forward to planning and sponsoring the Junior-Senior Prom. Peggy Newhouse was elected as our president. The rest of the officers were Bruce Davis, Vice-President; Janet Springer, Secretary; Byron Schubert, Treasurer; Janice Hanke, Reporter. Our class sponsors, Mr. Springer and Mr. Henney led us through the year and helped us make our magazine sales and candy sales a huge success. "Strangers in Paradise". the Junior-Senior Prom was held at Goeglein on May 12th. Peggy Newhouse was chosen as queen with Rita Kennerk, Janet Springer, Annette Hoffman, and Joyce Bultemeier as her court. As the year closed we looked forward with anticipation to our final year at school.

The final year arrived. We entered Hoagland as the last class to graduate with sixty-six members. This year as we prepared for graduation, we elected Byron Schubert, President; Norma Franke, Vice-President; Janice Hanke, Secretary; Bruce Davis, Treasurer; Joyce Bultemeier, Reporter. We attended the Junior-Senior Prom, "Moments to Remember" held at Lighted Acres on May 10th. Mr. Waters and Mr. Mader as our class sponsors did a great job of leading us through the year and planning our graduation. With heavy hearts we graduated on May 22nd to end the four years of fun we had and the forty one years of dear ole Hoagland High.

MR. VERRILL RIDER

A complete business education includes general business and consumers and this is where Mr. Rider comes in. He has diligently and patiently taught these classes, seeing that each student has the best business education he can possibly get. He assisted the consumers economics class in buying shares of stock. In this way, the students get an education in how the stock market works.

Ex Libris

At Hoagland, one often hears unusual sounds coming from our excellent language department. Familiarizing students with lands and languages, providing insights into foreign cultures, and developing a knowledge of appreciation of a non-native tongue are a few of the aspects of the department of foreign languages. Latin and Spanish were the offerings of the department. Several field trips to those areas which fostered appreciation of that particular language was participated in by the members of the classes.

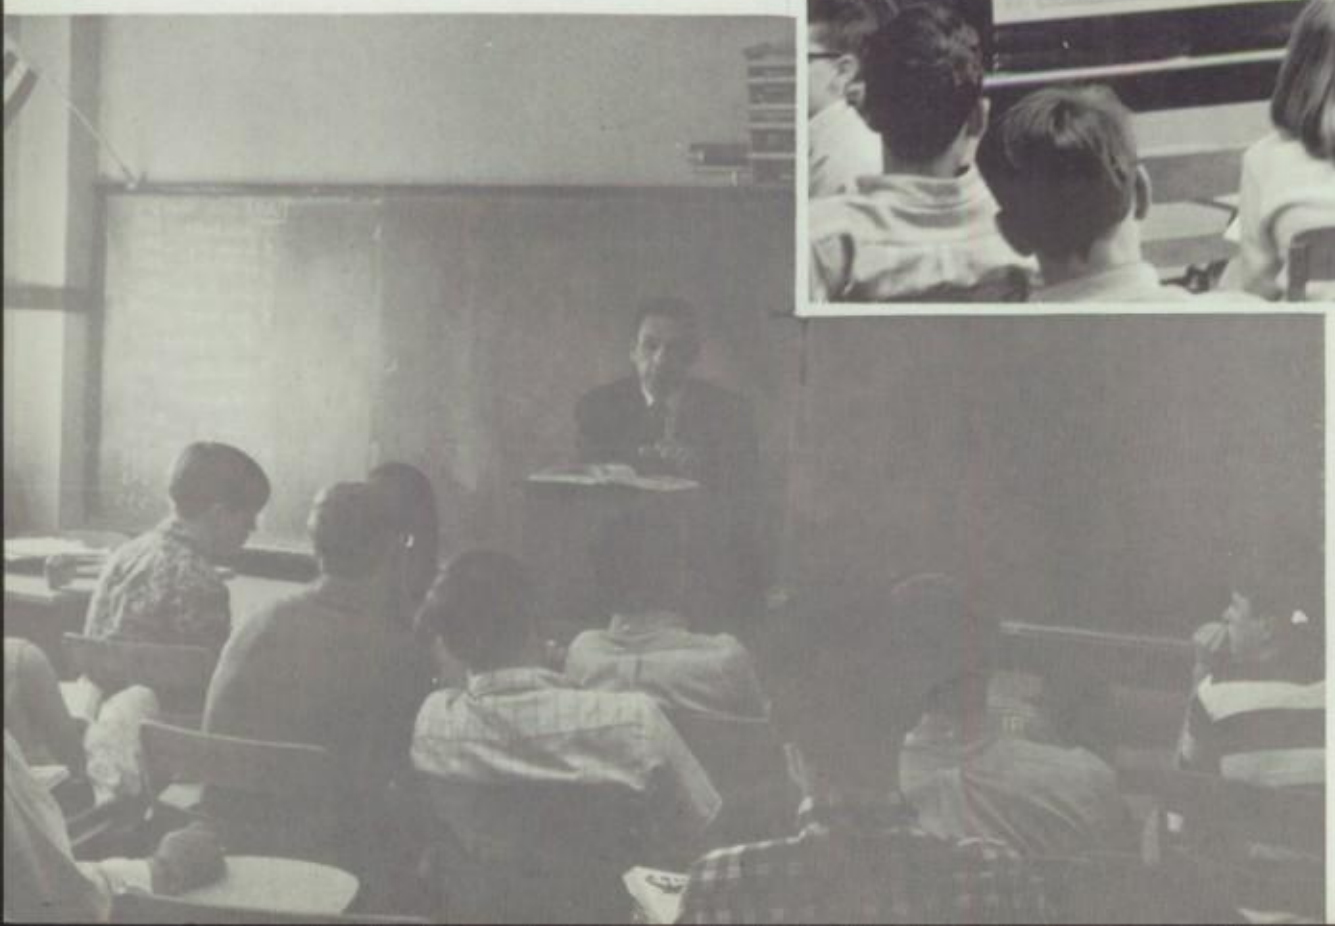
Social Studies

The corners of the world are slowly closing about us due to advanced methods in transportation and communication. Nations that seemed distant many years ago are now close neighbors. It is important that each student realizes the role that American plays in the whole system of world communities. The Social Studies Instructor endeavor to impress this idea upon the future citizens. History and Government teachers familiarize their classes with the basic functions of democracy at work.



MR. KENNETH SPRINGER

Social Studies

As "big stick," "new deal," and "cold war" blended into their vocabularies, Hoagland students discovered that American History enhanced both their patriotism and understanding of their historical past.

1968 County Champs Girls' Volleyball Team

Coaching from the coach !!!!!!!!

We Won !!!!!!!!!!!!!!

After an absence of 3 years, the ACAC Girls Volleyball Championship returned to Hoagland. This is always a cherished hope, but the victory this had an added significance since this is the last year Hoagland could win.

We played Monroeville in our opener match and won the first two games. The second match, Norwell defeated us, making our trip to victory the hard way, through the loser's bracket. By defeating Adams Central, we were still in line for the finals.

The third night of tourney play we defeated Churubusco in two games, giving us another chance at Norwell. Remembering our first encounter with them, we were determined to make a comeback, which we did in another two game match. That brought us to the finals, playing undefeated Huntertown. The third game of that match was a memorable score, 15-0, clinching our place in that final match. Determined to have the championship trophy for Hoagland, the girls wrapped up the victory by winning the next two games. With only five Seniors on this years squad, a veteran team joins with Monroeville as they become HERITAGE.

Looking Forward to Heritage

I Spy!!!

Coliseum or Bust!!!!!

Well??????????????????????????????????

Seniors decorate their carnival booth.

In Memoriam

It is with great humility that we dedicate this alumni section of the book to our teachers and classmates who have served Him well and have entered their Eternal Home. In lieu of the possibility of omitting someone we will let you name these persons in your mind as you reminisce when looking through this book.

As our thoughts go back over the years we remember many things for which we can be thankful--- our days at Hoagland School, graduation, the days of enjoyment and disappointments, our school, freedom, friends, teachers and their guidance and interests in each of us.

In Appreciation

It is only with the help of others that we could begin to publish a book such as this. We are indeed grateful to all who helped and are indeed sorry we did not hear from all alumni. As of this writing the information is as complete as we could make it in the space allowed.

Few of us realized the significance of our class motto at the time of our graduation. By since then we have begun to understand the importance of knowledge in achieving success. We realize that learning and acquiring knowledge is necessary to life. All of us learning new things every day on the job, at other schools, and by just living.

As we look forward and work toward success in our lives, we remember our high schools days at Hoagland and think of May 25, 1965 not as the end of knowledge nor the beginning of success; but we recognize our graduation as a landmark along the paths of knowledge which we hope will lead us to success.

The year 1947 seems a long, long time ago. Many things have taken place since then. We have forgotten many things that took place way back then. Most of us would have a hard time going through the studies we did back in those high school days.

What happens to a group of high school seniors after high school graduation? To be more specific, what happened to the 1947 graduates of Hoagland High School? Where are these senior members of the team that won the Allen County Basketball Tournament? Where are the cheerleaders of that same year? During the past summer we mailed letters to as many members as we had addresses for. We are sorry that we could not get addresses for all of the class.

We received some very interesting letters in return. Again, we are sorry that we did not hear from all to whom we sent letters. Only seventeen answers were received. As you might expect, some members have already passed on to their eternal reward. KENYON ANDREWS and NORBERT HORMANN died while serving in the Army of the United States. LORA DeKONICK ROUCH has also passed away.

One interesting letter came from DON RUHL. He was one of the cheerleaders. He is now pastor of Whiting Lakeside EUB Church. He also attends Valparaiso University Graduate School. The eldest of the Ruhl's four children is now a freshman at Purdue University in Lafayette, Indiana. DENNIS KLIENRICHERT is Data Processing Supervisor at Tri-State College in Angola, Indiana. He and his family live in a house overlooking Lake Gage.

Several of the female graduates stated that they were "just housewives". What's wrong with that? Isn't that why you took Home Ec? It would seem that MARGIE BUSICK WAGNER is the busiest. She wrote that she has seven children ranging in age from one year to fifteen years.

Several of the female graduates stated that they were "just housewives". What's wrong with that? Isn't that why you took Home Ec? It would seem that MARGIE BUSICK WAGNER is the busiest. She wrote that she has seven children ranging in age from one year to fifteen years.

Two of the girls have returned to nursing after getting their families into the school age bracket. JANICE MILLER LEHRMAN is now working as the school nurse here at Hoagland School. She says she enjoys it very much. DONNA JEAN RATLIFF OWENS is working part time as a nurse at Bluffton.

RAYMOND SORG and WALTER SMITH have both built homes on the Trentman Road east and south of Fort Wayne, Indiana. Ray works for International Harvester Engineering. Walter is a truck driver.

VERNON SCHUEMAN, another cheerleader from the class of 1947, lives in Woodburn, Indiana, where he is employed by the E. H. Bohren Trucking firm.

Working for City Glass Specialties and living on the Muldoon Road is ROBERT THOMPSON.

Three of our class are employed at Rea Magnet Wire Inc. in Fort Wayne. They are FRANK GUENIN, DONALD HOFFMAN, and RICHARD BOHNKE. Don and Frank both live in Hoagland and Dick lives about four miles north of there. Incidently, Frank was one of the members of that winning basketball club and Dick was nother of the cheer-leaders.

PATRICIA MAHLAN STEURY lives in Decatur, Indiana. Her husband is the General Manager of Decatur Industries. They have two children.

At least two members of the class have New Haven addresses. EUGENE SPRINGER lives in town and is a supervisor at Indiana Rod and Wire. The Springers have four children. EDGAR KOENEMANN lives on the Paulding Road. He works for Zollner. They too have four children.

MELVIN KAISER has been in the Army and now is a carpenter and farmer. He and his wife, Marguerite, have two children, Paul and Rita.

This concludes the information that we received. We are sorry that we couldn't give a more complete account.

It is with a certain degree of sadness that we watch our former High School fade out of existence. We all enjoyed our years spent there. There are things that we always remember from it. A few of us have some things we would rather forget, but that is life. Why does it have to go? Progress is probably the best answer to that question. Just as it came into being because of progress in education many years back, so progress in education today decides that it should pass out of existence as a high school at the end of this school year. It has served its purpose well.

Principals at Hoagland

ERWIN DOTY - 1927-1930: It is with profound memories that I think of HHS and community. I served as the first high school principal during the forty years which I served the public schools of Indiana. I have had much satisfaction to have seen the Hoagland School and community grow progressively and educationally. KELRO WHITEMAN - 1930-1937: Congratulations to Hoagland and EACS on securing your fine new building. We have watched the growth and progress at HHS over the years with much satisfaction and interest. We cherish many fond memories at HHS and community and know that the future has much to offer with your new facilitiesl GERALD IRWIN - 1937-1940: After forty years of teaching, I retired in 1965. We are now living in Delaware county on a farm near Gaston.

MERRITT ALGER - 1940-1942: While at HHS I made many friends and had many experiences which I will remember throughout life. As you enlarge your educational opportunities, I wish to extend to Hoagland community best wishes for continued success in the education of your young people. MARDY LOGAN - 1943: The warmth and acceptance of the mid-year principal by staff, pupils and community was most gratifying. The zeal for a good basketball team, good school practices, are now reflected in your plans for Heritage School. Concurrent with Hoagland High, I will retire as superintendent of the Jay School Corporation. HORACE BOSLER - 1943-1953: My family and I are thankful we have the privilege of living and working in the fine Christian community of Hoagland. You people have the right to be proud of the heritage you are giving to your youth.

VINCENT GUENTHER - 1953-1958: If education is to progress and the future of the nation is to be served wisely, education must develop large and greater qualities of tolerance, understanding, sympathy, wisdom, perspective and equanimity. The public, in order to help prepare the child for life, must believe in and continue supporting their school. WILLIAM LOWES - 1958-1962: Heritage is an appropriate name because of the strong inherent background of the citizens of the community. You are endowed with much tradition and richness. Don't stand idle, look forward- not backward, don't just parallel, keep ahead! May I wish you God's speed -- Heritage, you are on the way. IVAN MULLIGAN - 1962-1968: To all the persons who contributed to making Hoagland High School the fine school it was we owe an everlasting debt. Now as we say goodbye to this fine school, we say hello to a bright new future at Heritage. May our lives be richly blessed in this new venture.
